## **TECHNICAL INFORMATION 61**

## **ACCESSORIES 62-66**

A close-up, side-profile view of a black motorcycle helmet. The helmet features a textured, woven mesh surface. A black visor is attached to the front, with two circular silver-colored fasteners visible. Bright yellow accents are present on the helmet's shell and on the side of the visor. The background is a bright, out-of-focus sky. A black horizontal bar is overlaid on the right side of the image, containing the word "Road" in white, italicized, bold font.
